SAY 'I DO' WITH A VIEW

The expansive grounds overlooking Lake Somerset can easily cater for your big day, with room for a large marquee or deluxe tipi tent - or simply enjoy an evening under the stars!

The Property

Somerset Sunset is home to a charming 125 year old cottage, one of the original homestead's in the area, which was named by brothers Evan and Colin Mackenzie in 1841, from the town of Kilcoy in Scotland.

Somerset Sunset, previously named Kilcoy Farmstay, has a long tradition of providing couples with their perfect wedding venue. Its stunning views of Lake Somerset to the front of the property, breathtaking views of the mountains to the rear and beautiful gardens in a magical rural setting, that make it the perfect place for a romantic country wedding!

Looking over the northern end of Lake Somerset, Somerset Sunset is the perfect place to rejuvenate, relax and inspire you with breath taking mountain and water views. It's the ideal place for a beautiful country wedding, special celebration, corporate function, romantic couple's getaway or fun trip with friends and family.

The homestead is home to four cheeky goats, chickens and ducks. It's a great place to bring the kids, feed the animals, roam the 6.5 acres of pasture land and spend lazy days on Lake Somerset or in the heated pool.

Located an easy hour drive from Brisbane or the Sunshine Coast, Somerset Sunset is situated just 10 kilometres from the farming town of Kilcoy along the Esk-Kilcoy Road, adjacent to Lake Somerset.
